### THE PALMS LAS CRUCES CHURCH IS BEING DEMOLISHED

Material Will Be Used In Berino Church—A New Structure for Cruces.

The office of The Herald for Las Cruces is in the Robert Drug Store, "The Quality Store." This firm will deliver The Herald each night at the regular rate of 6 cents a month.

Las Cruces, May 28.—Work of demolishing the Methodist Episcopal church, south of this city, will be commenced this week. The brick and such of the church material as the Berino trustees may need, will be sent to Berino and no old material will enter into the erection of the new building here, which will cost about \$12,500. It is estimated that with the new pipe organ which will be bought, the cost of the church complete, ready for worship, will be nearly \$15,000. It is the purpose of the trustees to get the building ready for use by October 15, when the cornerstone of the church will be laid here, and many out of town guests will assemble.

Duncan & Co. were awarded the contract, having the lowest bid, the next lowest bid being made by an El Paso firm, amounting to approximately \$15,000, and from that bids were made as high as \$18,000. The new church will occupy the site of the old church, which has stood in its present location for 25 years, being on Griggs street and facing north. However, the lot has been enlarged through the exchanging with the adjoining owner of two small triangular parcels of land, thus giving more frontage on Griggs street and a more regular shaped building plot. The present frontage on which the new church building will be erected is 135 feet.

Mrs. Miller, of Santa Fe, will be entertained at one or two other dinners and parties given in her honor, and will leave Wednesday morning for California to spend the summer at the coast resorts. Mrs. Miller attended college here years ago, and was one of the members of the basket ball team.
